

CHAPTER 4

DATA TABLES

CHRONIC DISEASE PREVENTION AND CONTROL

8.1. CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

Please rate the severity of the chronic diseases and chronic disease risk factors.

8.1.1. Tobacco use.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	26	23%	68	60%	20	18%	0	0%
56 Population up to 20,000	14	25%	30	54%	12	21%	0	0%
30 Population between 20,001 and 40,000	6	20%	18	60%	6	20%	0	0%
15 Population between 40,001 and 80,000	3	20%	12	80%	0	0%	0	0%
13 Population over 80,000	3	23%	8	62%	2	15%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.2. Physical inactivity.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	19	17%	67	59%	28	25%	0	0%
56 Population up to 20,000	10	18%	32	57%	14	25%	0	0%
30 Population between 20,001 and 40,000	7	23%	18	60%	5	17%	0	0%
15 Population between 40,001 and 80,000	2	13%	9	60%	4	27%	0	0%
13 Population over 80,000	0	0%	8	62%	5	38%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.3. Unhealthy eating.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	21	18%	62	54%	31	27%	0	0%
56 Population up to 20,000	11	20%	28	50%	17	30%	0	0%
30 Population between 20,001 and 40,000	5	17%	20	67%	5	17%	0	0%
15 Population between 40,001 and 80,000	2	13%	10	67%	3	20%	0	0%
13 Population over 80,000	3	23%	4	31%	6	46%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.4. Lung cancer.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	7	6%	40	35%	64	56%	3	3%
56 Population up to 20,000	3	5%	17	30%	34	61%	2	4%
30 Population between 20,001 and 40,000	1	3%	11	37%	17	57%	1	3%
15 Population between 40,001 and 80,000	1	7%	8	53%	6	40%	0	0%
13 Population over 80,000	2	15%	4	31%	7	54%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.5. Colorectal cancer.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	1	1%	18	16%	82	72%	13	11%
56 Population up to 20,000	0	0%	10	18%	38	68%	8	14%
30 Population between 20,001 and 40,000	0	0%	3	10%	24	80%	3	10%
15 Population between 40,001 and 80,000	0	0%	2	13%	12	80%	1	7%
13 Population over 80,000	1	8%	3	23%	8	62%	1	8%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.6. Breast cancer.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	4	4%	34	30%	71	62%	5	4%
56 Population up to 20,000	1	2%	16	29%	36	64%	3	5%
30 Population between 20,001 and 40,000	1	3%	8	27%	19	63%	2	7%
15 Population between 40,001 and 80,000	0	0%	8	53%	7	47%	0	0%
13 Population over 80,000	2	15%	2	15%	9	69%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.7. Cervical cancer.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	1	1%	18	16%	82	72%	13	11%
56 Population up to 20,000	0	0%	6	11%	45	80%	5	9%
30 Population between 20,001 and 40,000	1	3%	7	23%	18	60%	4	13%
15 Population between 40,001 and 80,000	0	0%	2	13%	11	73%	2	13%
13 Population over 80,000	0	0%	3	23%	8	62%	2	15%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.8. Prostate cancer.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	1	1%	22	19%	81	71%	10	9%
56 Population up to 20,000	0	0%	13	23%	39	70%	4	7%
30 Population between 20,001 and 40,000	1	3%	5	17%	21	70%	3	10%
15 Population between 40,001 and 80,000	0	0%	1	7%	13	87%	1	7%
13 Population over 80,000	0	0%	3	23%	8	62%	2	15%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.9. Skin cancer.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	0	0%	17	15%	86	75%	11	10%
56 Population up to 20,000	0	0%	10	18%	39	70%	7	13%
30 Population between 20,001 and 40,000	0	0%	3	10%	26	87%	1	3%
15 Population between 40,001 and 80,000	0	0%	2	13%	13	87%	0	0%
13 Population over 80,000	0	0%	2	15%	8	62%	3	23%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.10. Cardiovascular disease - includes hypertension, heart disease & stroke.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	30	26%	69	61%	15	13%	0	0%
56 Population up to 20,000	11	20%	38	68%	7	13%	0	0%
30 Population between 20,001 and 40,000	11	37%	15	50%	4	13%	0	0%
15 Population between 40,001 and 80,000	3	20%	9	60%	3	20%	0	0%
13 Population over 80,000	5	38%	7	54%	1	8%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.11. Asthma.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	5	4%	33	29%	66	58%	10	9%
56 Population up to 20,000	0	0%	18	32%	31	55%	7	13%
30 Population between 20,001 and 40,000	2	7%	4	13%	22	73%	2	7%
15 Population between 40,001 and 80,000	0	0%	5	33%	9	60%	1	7%
13 Population over 80,000	3	23%	6	46%	4	31%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.12. Arthritis/Osteoarthritis

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	6	5%	27	24%	77	68%	4	4%
56 Population up to 20,000	2	4%	13	23%	38	68%	3	5%
30 Population between 20,001 and 40,000	2	7%	8	27%	19	63%	1	3%
15 Population between 40,001 and 80,000	0	0%	4	27%	11	73%	0	0%
13 Population over 80,000	2	15%	2	15%	9	69%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.13. Diabetes.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	14	12%	56	49%	39	34%	5	4%
56 Population up to 20,000	8	14%	28	50%	17	30%	3	5%
30 Population between 20,001 and 40,000	3	10%	14	47%	12	40%	1	3%
15 Population between 40,001 and 80,000	0	0%	8	53%	6	40%	1	7%
13 Population over 80,000	3	23%	6	46%	4	31%	0	0%

CHRONIC DISEASE PROBLEMS IN YOUR COMMUNITY

8.1.14. Other priority not listed already.

	Acute Problem		Serious Problem		Somewhat of a Problem		Not a Problem	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
114 Statewide	7	6%	18	16%	31	27%	58	51%
56 Population up to 20,000	2	4%	9	16%	12	21%	33	59%
30 Population between 20,001 and 40,000	3	10%	3	10%	11	37%	13	43%
15 Population between 40,001 and 80,000	2	13%	2	13%	3	20%	8	53%
13 Population over 80,000	0	0%	4	31%	5	38%	4	31%

9. ACTIVITY RELATED TO CHRONIC DISEASE PREVENTION AND CONTROL

Yes - Agency Does This		Yes - Agency Does With Community		No - Would Need Resources	
Number	Percent	Number	Percent	Number	Percent

9.1. Does your agency collect data to define the most significant chronic disease problems and needs?

114 Statewide	33	29%	50	44%	31	27%
56 Population up to 20,000	13	23%	27	48%	16	29%
30 Population between 20,001 and 40,000	8	27%	14	47%	8	27%
15 Population between 40,001 and 80,000	6	40%	5	33%	4	27%
13 Population over 80,000	6	46%	4	31%	3	23%

ACTIVITY RELATED TO CHRONIC DISEASE PREVENTION AND CONTROL

Yes - Agency Does This		Yes - Agency Does With Community		No - Would Need Resources	
Number	Percent	Number	Percent	Number	Percent

9.2. Does your agency analyze data to define behavioral risks and other factors that contribute to the most significant chronic disease problems?

114 Statewide	34	30%	52	46%	28	25%
56 Population up to 20,000	13	23%	27	48%	17	30%
30 Population between 20,001 and 40,000	8	27%	16	53%	5	17%
15 Population between 40,001 and 80,000	8	53%	5	33%	2	13%
13 Population over 80,000	5	38%	4	31%	4	31%

**ACTIVITY RELATED TO CHRONIC
DISEASE PREVENTION AND CONTROL**

Yes - Agency Does This		Yes - Agency Does With Community		No - Would Need Resources	
Number	Percent	Number	Percent	Number	Percent

9.3. Has your agency identified high risk groups, or groups disproportionately affected by chronic disease problems in your community?

114 Statewide	35	31%	46	40%	33	29%
56 Population up to 20,000	16	29%	23	41%	17	30%
30 Population between 20,001 and 40,000	7	23%	12	40%	11	37%
15 Population between 40,001 and 80,000	7	47%	5	33%	3	20%
13 Population over 80,000	5	38%	6	46%	2	15%

**ACTIVITY RELATED TO CHRONIC
DISEASE PREVENTION AND CONTROL**

Yes - Agency Does This		Yes - Agency Does With Community		No - Would Need Resources	
Number	Percent	Number	Percent	Number	Percent

9.4. Within the last two years has your agency been involved in developing a community plan to control and prevent chronic disease?

114 Statewide	22	19%	58	51%	34	30%
56 Population up to 20,000	9	16%	28	50%	19	34%
30 Population between 20,001 and 40,000	6	20%	15	50%	9	30%
15 Population between 40,001 and 80,000	4	27%	7	47%	4	27%
13 Population over 80,000	3	23%	8	62%	2	15%

**ACTIVITY RELATED TO CHRONIC
DISEASE PREVENTION AND CONTROL**

Yes - Agency Does This		Yes - Agency Does With Community		No - Would Need Resources	
Number	Percent	Number	Percent	Number	Percent

**9.5. Within the last two years has your agency
implemented chronic disease prevention and control
activities?**

114 Statewide	31	27%	54	47%	29	25%
56 Population up to 20,000	11	20%	30	54%	15	27%
30 Population between 20,001 and 40,000	7	23%	13	43%	10	33%
15 Population between 40,001 and 80,000	7	47%	6	40%	2	13%
13 Population over 80,000	6	46%	5	38%	2	15%

**10. CHRONIC DISEASE PREVENTION
AND CONTROL ACTIVITIES**

**Agency is Working in Chronic Disease Prevention
and Control Activities in following areas.**

Number	Percent
--------	---------

10.1. Have set objectives and desired outcomes.

114 Statewide	69	61%
56 Population up to 20,000	32	57%
30 Population between 20,001 and 40,000	18	60%
15 Population between 40,001 and 80,000	9	60%
13 Population over 80,000	10	77%

Number	Percent
--------	---------

10.2. Activities reflect evidence-based strategies.

114 Statewide	80	70%
56 Population up to 20,000	36	64%
30 Population between 20,001 and 40,000	21	70%
15 Population between 40,001 and 80,000	12	80%
13 Population over 80,000	11	85%

	Number	Percent
10.3. Have identified community resources, including funding, that support the activities.		
114 Statewide	78	68%
56 Population up to 20,000	32	57%
30 Population between 20,001 and 40,000	24	80%
15 Population between 40,001 and 80,000	13	87%
13 Population over 80,000	9	69%

	Number	Percent
10.4. Have identified a method to measure outcomes.		
114 Statewide	71	62%
56 Population up to 20,000	32	57%
30 Population between 20,001 and 40,000	17	57%
15 Population between 40,001 and 80,000	12	80%
13 Population over 80,000	10	77%

	Number	Percent
10.5. Have assessed whether public policy supports reduction in behavioral risk factors that contribute to chronic disease.		
114 Statewide	55	48%
56 Population up to 20,000	22	39%
30 Population between 20,001 and 40,000	16	53%
15 Population between 40,001 and 80,000	8	53%
13 Population over 80,000	9	69%

	Number	Percent
10.6. Have recommended modifications and strengthening of public policy.		
114 Statewide	53	46%
56 Population up to 20,000	19	34%
30 Population between 20,001 and 40,000	15	50%
15 Population between 40,001 and 80,000	9	60%
13 Population over 80,000	10	77%

	Number	Percent
10.7. Public policy, like clean indoor air ordinance, are enforced within the community.		
114 Statewide	35	31%
56 Population up to 20,000	8	14%
30 Population between 20,001 and 40,000	12	40%
15 Population between 40,001 and 80,000	4	27%
13 Population over 80,000	11	85%

	Number	Percent
10.8. Have implemented environmental supports, like walking trails and lighted parks.		
114 Statewide	58	51%
56 Population up to 20,000	24	43%
30 Population between 20,001 and 40,000	17	57%
15 Population between 40,001 and 80,000	9	60%
13 Population over 80,000	8	62%

	Number	Percent
10.9. Routinely issue news releases to inform about chronic disease and prevention strategies.		
114 Statewide	91	80%
56 Population up to 20,000	48	86%
30 Population between 20,001 and 40,000	22	73%
15 Population between 40,001 and 80,000	11	73%
13 Population over 80,000	10	77%

	Number	Percent
10.10. Conduct public information campaigns.		
114 Statewide	86	75%
56 Population up to 20,000	41	73%
30 Population between 20,001 and 40,000	25	83%
15 Population between 40,001 and 80,000	12	80%
13 Population over 80,000	8	62%

	Number	Percent
10.11. Work with schools.		
114 Statewide	110	96%
56 Population up to 20,000	53	95%
30 Population between 20,001 and 40,000	30	100%
15 Population between 40,001 and 80,000	15	100%
13 Population over 80,000	12	92%

	Number	Percent
10.12. Work with major employers to introduce prevention strategies.		
114 Statewide	74	65%
56 Population up to 20,000	36	64%
30 Population between 20,001 and 40,000	20	67%
15 Population between 40,001 and 80,000	11	73%
13 Population over 80,000	7	54%

11. CHRONIC DISEASE PREVENTION AND CONTROL BARRIERS

11.1. Lack of local data to support chronic disease or risk factors as priorities.

No Barrier		Limited Barrier		Moderate Barrier		Substantial Barrier		
Number	Percent	Number	Percent	Number	Percent	Number	Percent	
114 Statewide	16	14%	38	33%	43	38%	17	15%
56 Population up to 20,000	6	11%	20	36%	18	32%	12	21%
30 Population between 20,001 and 40,000	6	20%	10	33%	12	40%	2	7%
15 Population between 40,001 and 80,000	3	20%	5	33%	5	33%	2	13%
13 Population over 80,000	1	8%	3	23%	8	62%	1	8%

11.2. STAFF CAPACITIES:

	No Barrier		Limited Barrier		Moderate Barrier		Substantial Barrier	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
11.2.1. Lack of knowledge of evidence-based chronic disease interventions.								
114 Statewide	27	24%	50	44%	33	29%	4	4%
56 Population up to 20,000	10	18%	26	46%	18	32%	2	4%
30 Population between 20,001 and 40,000	8	27%	14	47%	7	23%	1	3%
15 Population between 40,001 and 80,000	6	40%	6	40%	3	20%	0	0%
13 Population over 80,000	3	23%	4	31%	5	38%	1	8%

	No Barrier		Limited Barrier		Moderate Barrier		Substantial Barrier	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
11.2.2. Lack of skill to lead implementation of evidence-based interventions.								
114 Statewide	37	32%	54	47%	19	17%	4	4%
56 Population up to 20,000	14	25%	28	50%	12	21%	2	4%
30 Population between 20,001 and 40,000	10	33%	15	50%	4	13%	1	3%
15 Population between 40,001 and 80,000	7	47%	8	53%	0	0%	0	0%
13 Population over 80,000	6	46%	3	23%	3	23%	1	8%

	No Barrier		Limited Barrier		Moderate Barrier		Substantial Barrier	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
11.2.3. Lack of time to plan and implement interventions.								
114 Statewide	3	3%	27	24%	35	31%	49	43%
56 Population up to 20,000	2	4%	11	20%	18	32%	25	45%
30 Population between 20,001 and 40,000	1	3%	8	27%	9	30%	12	40%
15 Population between 40,001 and 80,000	0	0%	3	20%	5	33%	7	47%
13 Population over 80,000	0	0%	5	38%	3	23%	5	38%

	No Barrier		Limited Barrier		Moderate Barrier		Substantial Barrier	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
11.2.4. Lack of financial resources to hire staff for chronic disease activities.								
114 Statewide	2	2%	11	10%	27	24%	74	65%
56 Population up to 20,000	0	0%	6	11%	13	23%	37	66%
30 Population between 20,001 and 40,000	1	3%	2	7%	8	27%	19	63%
15 Population between 40,001 and 80,000	1	7%	1	7%	4	27%	9	60%
13 Population over 80,000	0	0%	2	15%	2	15%	9	69%

	No Barrier		Limited Barrier		Moderate Barrier		Substantial Barrier	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent
11.2.5. Lack of opportunities for staff development related to chronic disease prevention.								
114 Statewide	12	11%	48	42%	41	36%	13	11%
56 Population up to 20,000	4	7%	22	39%	22	39%	8	14%
30 Population between 20,001 and 40,000	2	7%	15	50%	9	30%	4	13%
